RUSSELL FOR ASSEMBLY LAUNCHES WEBSITES

SAUK CITY - Nathan Russell, candidate for the 51st Assembly district, announced today the official launching of two campaign web sites, www.russellforassembly.com and www.youtube.com/russellforassembly. Russell stated the importance of including the websites in the campaign, "I have learned firsthand that the citizens of the 51st Assembly district want access to their candidates and that they want concrete ideas of how we can change the tone in Madison. I hope that these sites can be utilized by residents of the 51st to learn about the fresh voice and ideas I want to take to Madison."

The site, www.russellforassembly.com, will serve as the main campaign information site for interested citizens. It contains updated news, position statements and additional campaign information. Russell pointed out his favorite part of the new site, "This site is a great tool for voters to use as they have instant access to my position statements and solutions for change in Madison."

The second site, www.youtube.com/russellforassembly, will be utilized to outline Nathan's ideas and beliefs on a wide array of topics. Sixty to ninety second position statement videos can be found at this site. The campaign regularly adds a new video every ten to fourteen days. Russell will begin rolling out his extensive health care plan, YourCARE, through these videos over the next few weeks. Currently, videos focusing on the dairy industry and education are posted on the site.
